## COMPANY PROFILE

**Digital Technologies L.L.C, a specialist telecommunication project company, dealing in turnkey projects incorporating, Fiber Optic Cable Installation, Splicing, Termination and Complete Network Testing, Structured Cabling, CCTV, CATV/SMATV, Networks and PABX Systems. Our senior management has over 30years experience in the International Market and 10 years in the UAE.**

**Having worked on some of the most prestigious projects including Media City – Dubai, Terminal3/Concourse2 – Dubai Airport and Etihad Airways HQ and Training School – Abu Dhabi.**

**As an approved contractor for Etisalat we have carried out numerous GPON FTTH installations both for Etisalat in the re-wiring of existing buildings and total supply and install projects for new buildings.**

**We are also approved by both TYCO and Alcatel/Lucent and carried out several Fiber Optic Marine cable beach landings on their behalf providing land cable installations to both Etisalat and DU exchanges on the East Coast.**
